

TEAM MONTANA HOCKEY

A 2003/2004 HIGH PERFORMANCE HOCKEY PROGRAM

THE MISSION

The goal of Team Montana Hockey is to help players reach their highest potential, both mentally and physically, through the great game of ice hockey. The environment will be such that every child, as part of this team, can enjoy a positive, character building sports experience while nurturing passion for the game and confidence for life. Through the development of each individual player, the collective team benefits in depth, diversity, and cohesion. This produces a level of confidence in each player that will bring them success in both sports and life.

THE LEADERSHIP

The coaching team of Lanny McDonald, Brendan Elkins, and Jacob Houseman will lead 2003/2004 Team Montana Hockey. Coaches and parents will establish and support a teaching environment where athletes can develop the life skills of goal setting, commitment, self-discipline, determination, teamwork and sportsmanship. Coaches, parents, and players will be held to the highest standards of sportsmanship, honesty, respect, and personal integrity to ensure a positive culture that honors the sport of hockey and all those involved, both on and off the ice.

THE TEAM

The 2003/2004 Team Montana Hockey development program will provide players who display exceptional ability and drive with the opportunity to develop their skills at an advanced level. The program will provide these players, and their parents, the opportunity to experience hockey at a higher level.

Evaluations will be held for the 2017/2018 season for any 2003 and 2004 birth year players who are interested in being a part of the Team Montana Hockey program. Evaluations will be held in Butte at the Copper City Rink August 25th and 26th (exact times to be determined).

Up to 30 players will be selected to be involved in 2003/2004 Team Montana Hockey. These players will be invited to advanced development weekends (tentatively September, November, and March). Of these 30 players, 15-18 will be chosen to attend three AA tournaments (tentatively October, January, and February).
